

## 2016 Senior Enrolled Student Survey

### Answer If Class Is Not Equal to Senior

**Intro 1 Year End Assessment** The Year End Assessment is an opportunity for you to tell us how things are going. The survey asks questions about your experiences as a student at Princeton. We ask that you be candid and tell us what has worked well for you and what could be better. Your responses along with those of your classmates will provide extremely valuable information about Princeton's performance as an educational institution and will give important guidance as we plan for the future. Please be assured that your responses will be treated in a strictly confidential manner within the legal limits of the law. Information that you provide in this survey is for administrative uses and does not constitute a report to Princeton University; as such, the University will not be in a position to take any action on an individual case with respect to information you provide in this survey. Should you have issues, concerns, or complaints that you would like to report to the University (and for which you would like to University to take action), please contact the Office of the Dean for Undergraduate Students. You may skip questions that you are not inclined to answer (but we hope that you will do your best to answer all the questions that are relevant to you). The information collected during this voluntary survey will be linked to your Princeton ID number and combined with other with other University data. Together this information will be used in studies undertaken by the University. Any findings based upon this survey will be reported in a manner that does not identify individual students. The survey takes about 35 minutes to complete, but does not need to be completed at one time. If you have questions or concerns about the survey, please contact: Jed Marsh Vice Provost for Institutional Research 322 Nassau Hall Princeton, NJ 08544 provres@princeton.edu

## SH15 Service

S15Q1 Think about service in its broadest, most multifaceted sense. Service can mean engaging in activities connected to a larger purpose that aim to make a positive impact on society. Service can mean responding to injustice or inequality. Service-related experiences can take place through a class, a club, an internship, a project, or a trip. Taking on the role of RCA, peer advisor or tutor, participating in an ROTC program or other military service are all examples of engaging in service. Service can mean volunteering with a community partner or a political campaign. Participating in social entrepreneurship, campus activism, community-based or civic engagement-related research are also examples of service. Developing a technology or product which will directly serve or positively impact the underserved is another example. Engaging in service might mean tackling issues related to health, poverty, criminal justice, education, or the environment, for example, through a variety of pathways, such as policy, advocacy, research, volunteering, or community activism. With this broad definition in mind, have you engaged in service during this past year?  Yes (1)
